INTERMEDIA UNITE

Intermedia Unite is a cloud-based unified communications and collaboration platform. It enables users to be more mobile, more productive and share ideas and content through a single system. Intermedia Unite is backed by a 99.999% network uptime SLA, and includes 24/7 J.D. Power-certified support.

Whether in the office or remote, Unite seamlessly integrates all your communication tools – desktop phones, mobile phones, and computers – into one manageable solution oriented around your employee's needs and workstyles.

The Intermedia Unite Platform

PHONE SYSTEM

- Cloud-based phone service with 90+ enterprise-grade calling features and excellent network call quality and uptime.
- System configuration and call reporting are managed from a single web-based portal.

MOBILE

- The Intermedia Unite Mobile App makes any Android™ or Apple® smart phone a business communications tool.
- Syncs with the corporate Active Directory®, giving users instant access to call anyone in the company.
- User features are similar to those of a desk phone, like call transfer, call flip, and ability to manage multiple calls.
- Includes voicemail with transcription.

DESKTOP

- The Intermedia Unite Desktop App allows the user to integrate calling with the company directory, and enables click-to-call to the organization's entire global address list.
- Works as a remote controller for the associated desk phone. Point and click to manage calls.

VIDEO CONFERENCING

- Face to face meetings via HD video eliminate unnecessary travel and empower teams with remote members to be more productive.
- Establish a personal connection with customers and business partners, and improve internal communication between offices.

SCREEN SHARE

- The computer desktop can be shared in real-time, improving collaboration and speed of decision making.
- Viewers see desktop content via web browser in full HD. No downloads or browser extensions required.

REMOTE OFFICE

- Intermedia's preconfigured phones can be plugged in to any location that has an internet connection.
- Remote desk phones work exactly the same way as they do in the office, with access to all the same features and functionality as everyone else in the company.

The Intermedia Unite Platform (Continued)

PHONE

- Intermedia Unite phones are plug and play, delivered pre-configured to work seamlessly with the Unite service.
- No special setup or technician required.
- Includes world-class manufacturers such as Polycom, Cisco and Yealink, with many models to choose from to meet any business need.

VOICEMAIL

- Intermedia Unite voicemail can be managed and accessed according to user needs. Listen and manage from the desktop phone, or through the mobile app.
- Transcribed voicemail messages can be delivered via email, or viewed on the mobile app.
- Voicemail can be received or forwarded as a downloadable email attachment.

PRESENCE INDICATOR

- Intermedia desk phones and applications include presence – the ability to see whether your company contact is available, or busy on the phone.
- Desktop phones include a busy lamp field (BLF) in the LCD display that indicates presence.
- The Intermedia desktop and mobile apps display presence information alongside each contact in the Active Directory.

FAX

- Intermedia WebFax is a “virtual” fax service that allows users to receive and manage faxes via the web or email.
- Transmits faxes directly from a Windows®-based PC.
- Senders simply dial the WebFax number from their fax machine, as they normally would.

FILE COLLABORATION

- 2GB per user of SecuriSync® file storage included.
- Access files from desktops, laptops, smartphones, tablets, file servers, and the web.
- Full control over files, users, devices, and sharing activities.

FILE BACKUP

- Real-time backup of all files, mobile photos, and videos
- Point-in-time file restoration for quick recovery from ransomware and other types of data loss.

Intermedia Unite benefits

INCREASED PRODUCTIVITY AND COLLABORATION

Intermedia Unite makes a more productive workforce

Intermedia Unite productivity features

INTERMEDIA UNITE MOBILE APP

The Intermedia Unite mobile app enables a mobile device to become a communications endpoint for the Unite service. Employees can now call or receive calls through the corporate phone system and utilize enterprise-level calling features, no matter where they are.

- All the most important features of your desk phone, right on your mobile device
- Call Flip sends calls directly to your desk phone – without disconnecting your call.
- Rings your desk and mobile phone simultaneously - no more missed calls.
- Includes voicemail transcription, as well as on-screen voicemail management.

INTERMEDIA UNITE DESKTOP APP

The Intermedia Unite desktop app acts like a remote control for the user's associated desk phone, empowering employees to be more effective and efficient with call management.

- Place, park, and transfer calls with just a click or two
- Call Flip feature moves active desk phone calls to the caller's mobile devices
- On-screen indicator lets you know if your contacts phone is busy, before you call
- Call history for the last 90 days, includes the contact name, date, and time they called

Unite productivity features (Continued)

VIDEO CONFERENCING & SCREEN SHARING

Intermedia Unite includes AnyMeeting, an easy-to use, reliable video collaboration tool.

Including:

- HD video conferencing eliminates unnecessary travel and empowers teams with remote members to be more productive.
- Screen sharing. The computer desktop can be shared with team members in realtime, improving collaboration and speed of decision making.
- Includes a conference dial-in number, and custom URLs for meetings.

FILE SHARING & SECURITY

SecuriSync File sync and share with backup for desktops, mobile devices, and file servers.

- The most current version of files from any device
- Easy and secure file sharing
- Integration with Windows file server, Exchange Email, Active Directory, Outlook, Office, and Office 365®
- Full control over files, users, devices, and sharing activities
